The ULB today

- At the heart of Brussels: 3 campuses and 2 sites

- And in Charleroi: Gosselies Biopark, UCharleroi campus and Parentville site
Research is at the foundation of ULB’s activities. The university aims to be a key hub for research on major topics that require a transdisciplinary approach, while pursuing excellence and sustainable development.

October 9, 2013
François Englert
Nobel Prize in Physics
Our research

4500 Researchers and scientific collaborators
2000 PhD candidates
240 + PhD theses defended each year

200 + research units and 8 high-quality interdisciplinary research institutes

- Institute for European Studies
- ULB Neuroscience Institute
- Interuniversity Institute of Bioinformatics
- ULB Cancer Research
- Institute for Human Sciences
- Institute for Interdisciplinary Innovation in Healthcare
- EBxl, ULB’s network of Studies on Brussels
- Research Institute on Immunology

ULB & VUB
Managing the prestigious Solvay Research Institutes
4 Nobel Prizes in Science

Jules Bordet
1919, Medicine

Ilya Prigogine
1977, Chemistry

Albert Claude
1974, Medicine

François Englert
2013, Physics
The ecosystems associated with research at ULB

But also:

- Health Valley
- CapInnove
- EEBIC Incubators
- Theodorus fund
- creation of 51 spin-offs, of which 39 are still active

1700 + Jobs

50 Companies
A few figures

**BUDGET**

- **238 Million €**  
  Global ULB Budget

- **189 Million €**  
  Governmental Endowment

- **186 Million €**  
  Annual research budget

**TECHNOLOGY TRANSFER**

- **23 Million €**  
  Capitalization of the 3rd fund

- **25 Million €**  
  Capitalization of the 4th fund
Second mission: quality education open to all

ULB is also committed to helping its students become responsible citizens, by focussing on learning rather than teaching, and by preparing them for a world that is forever changing.
The ULB, a comprehensive university

A wide range of programmes in all fields of study

Programmes are taught in French but also partly or entirely in English

30,000 Students
12 Faculties
40 Bachelor's programmes
150 Master's programmes
Innovative teaching

Institutional support for innovative teaching projects

SimLabs, FabLab, training dispensary, flipped classrooms, Syllabus 21...

PRAC-TICE unit: teaching, action research, and ICT-based learning

Podcast unit: MOOCs, recorded lectures, educational videos, blended learning

Quality unit: support for internal and external evaluations, development of action plans and follow-up
A rich catalogue of life-long learning programmes

100+ Certificates

150+ Vocational training programmes

5000+ Students each year
Third mission: strong social commitment

Healthcare

➢ Erasme teaching hospital and a vast hospital network in Brussels and Wallonia

Education

➢ Schola ULB, free learning support, which has already helped more than 28,000 pupils
➢ Creation of a Children’s university in 2016
➢ Support for new innovative secondary schools (« écoles plurielles »)
A university strongly committed throughout its history...

to women's emancipation
ULB was the first Belgian university to open its doors to women, in 1880; today fully committed to a Gender policy.

to critical thinking
Inclusion of the principle of free enquiry in our statutes in 1894

to a social policy
1st student hall of residence in 1932

to development cooperation, since 1938

to development cooperation, since 1938

to a social policy
1st student hall of residence in 1932

to a social policy
1st student hall of residence in 1932

to critical thinking
Inclusion of the principle of free enquiry in our statutes in 1894

to women's emancipation
ULB was the first Belgian university to open its doors to women, in 1880; today fully committed to a Gender policy.

against fascism
Closure of the university in 1941, in resistance to the Nazi occupation
A university strongly committed throughout its history...

- **to equality**
  - Nelson Mandela, Honorary Doctorate

- **to ethical debates**
  - Liberalisation of abortion, euthanasia

- **to fairness and success**
  - Unesco Comenius Medal for our Tutorial Programme in 2004

- **to sustainable development**
  - Eco-dynamic label for the 3 Brussels campuses

- **to solidarity with refugees**
  - Since 2015, creation of solidarity fellowships and a Welcome Desk for refugee students
A committed university: two Nobel Peace Prizes

Henri La Fontaine – 1913
Committed to peace and to the promotion of international law to resolve conflicts between nations

Dr Denis Mukwege – 2018
Committed to ending the use of sexual violence as a weapon of war
A university committed to sustainable development

The eco-dynamic enterprise label for our three campuses in Brussels

An ambitious environmental and mobility policy:

- Reduce the use of paper
- Promote the use of digital displays and reduce fly-posting
- Actions to promote sustainable food
- Reduce and sort waste
- Reduce water consumption
- Eco-events
- Reduce energy consumption
- Green spaces
- Mobility: promote alternatives to the car
- Cleanliness
ARES-CCD
• ULB is actively involved in development cooperation, mainly in Africa but also in South-East Asia and Latin America. Our aim is to contribute to the fight against poverty through university partnerships in research and education.

Our NGO: ULB Cooperation
• Development projects in 3 countries in the South (Democratic Republic of Congo, Burkina Faso & Senegal).
• Actions to raise student awareness of cooperation (in the North).

FOSFOM fund in collaboration with 13 medical faculties in the south.
• Highly selective scholarships enabling young MDs to be trained in our hospital network.
• Over 100 scholarships per year.
32% of students were international students in 2017/2018
Origin:
EU (excluding Belgium) 23%
Non EU 9%

30.6% of academic and research staff in 2017/2018 came from abroad
Origin:
UE (excluding Belgium) 20.67%
Non EU: 9.95%

Top 5 countries of origin of EU students in 2017/2018
1. FRANCE
2. ITALY
3. LUXEMBOURG
4. SPAIN
5. PORTUGAL

1. FRANCE
2. ITALY
3. GERMANY
4. SPAIN
5. INDIA
A multicultural university, open to diversity of languages and cultures

32% of our students are international students

Students from Europe: 73%
Students from Africa: 16.9%
Students from the Americas: 3%
Students from Asia and Oceania: 3%
Refugee and stateless students: 0.1%
International collaborations at the heart of our teaching

- **450+** Bilateral institutional cooperation agreements
- **4** Ongoing Erasmus Mundus programmes
- **2000** Students on mobility programmes (in & out)
Special partnerships
G3: a french-speaking network of excellence since 2012

 création of a joint fund

 ➔ 20 projects launched followings calls for proposals
 ➔ A collaborative platform
 ➔ Development of joint thesis supervision agreements
European Civic University

An alliance of 8 universities

400,000 students
55,000 members of staff
172 ERC Grants
34 Nobel Prizes
UNICA, a European network

51 universities in 37 European capitals
A special relationship with VUB

Close collaboration with VUB (Vrije Universiteit Brussels) within the Brussels University Alliance:

- Development of joint Master’s programmes and Master’s in English
- ULB-VUB Joint Research Groups
- Joint events (weKONEKT.brussels, Difference Day)
- Usquare & Learning Innovation Centre projects
The ULB LOOKS TO THE FUTURE
